Battlefield 2142 Download Mac

FIXES - Fixed the loading issue caused by corrupt Radial.cdb file - Various changes made to prevent cheating... Version 1.50: FEATURES - Added community maps, Wake Island 2142 and Operation Shingle - Added the ability to use widescreen resolutions... Changes made to pod steering mechanism to improve control while limiting pod surfing... Oct 04, 2010 11:20am for some 733k few the game seems to work fine, but for those of us who have been dealing with it crashing at start up (get the box) and the ingame video being 60FPS, etc... - Added No Vehicles mode - Added Conquest Assault mode - Changed the volume control for the Commander Voice Over on request of the experts community.
